

Celebration of National Science Day 2018 (NSD-2018)

(March 10, 2018)

Organized by
Department of Statistics,
School of Mathematical Sciences
North Maharashtra University, Jalgaon

National Science Day is celebrated in India to mark the discovery of the Raman effect by Indian physicist **Sir Chandrasekhara Venkata Raman** on 28 February 1928 and to widely spread a message about the significance of scientific applications in the daily life of the people. This year the main theme of NSD-2018 is "Science and Technology for a Sustainable Future". We have decided to focus on the sub theme for celebration of NSD-2018 as "Role of Statistics in National Development" in the context of main theme.

Date: 10th March 2018.

Time: 9:30 a.m. to 5:30 p.m.

Venue: Seminar Hall, School of Mathematical Sciences, N.M.U. Jalgaon

Proposed Activities in the Event:

- **Popular Science Lectures:** Two popular lectures will be organized on 'Role of Statistics in National Development'.
- **Poster/Power Point Presentation Competition:** The interested UG and PG participants are expected to present poster (for UG) and power point (for PG) presentation on topic 'Role of Statistics in the development of India'. Each group of size one or two will be given 08-10 minutes for presentation. All presentations will be judged and prizes will be given to the first 3 group winners of each UG and PG student category. The following sub-topics may be considered for preparing poster or power point presentation.
